Building a Profitable Business in a Late Stage Colonial-Capitalist Economy - Shift the Paradigm

What are our preconceptions about capitalism?

What forms of capital do we need to thrive?

Where are my business process on the scale from conventional to sustainable to regenerative?

What caught your eye in the niche analysis?

What are the points of leverage available to our organization?

What things can we do to uplifit our team, our clients, our community?

What's ripe for change in our organization? In our community? In the world?

Thank You!

I hope you found the workshop and this resource helpful as you sow post capitalist seeds in your business!
